Southern states that its proposal is an integral part of the compromises established in its Stipulation and Agreement (Settlement) filed on March 15, 1995, in Docket Nos. RP89-224, *et al.* to resolve all of its outstanding rate and gas supply realignment cost proceedings pending before the Commission. Southern requests Commission approval of the application by no later than October 31, 1995, contingent upon and in conjunction with approval of the provisions of the Settlement.³

Office of Hearings and Appeals

Proposed Implementation of Special Refund Procedures

AGENCY: Office of Hearings and Appeals, Department of Energy.

ACTION: Notice of proposed implementation of special refund procedures.

SUMMARY: The Office of Hearings and Appeals (OHA) of the Department of Energy (DOE) announces the proposed procedures for disbursement of \$866,352.24, plus accrued interest, in refined petroleum product violation amounts obtained by the DOE pursuant to Consent Orders issued to Bell Fuels, Inc., *et al.*, Case Nos. LEF-0061, *et al.* In the absence of sufficient information to implement direct restitution to injured customers of the consenting firms, the OHA has tentatively determined that if no such customers come forward, the funds obtained from these firms, plus accrued interest, will be made available to state governments

for use in four energy conservation programs.

DATES AND ADDRESSES: Comments must be filed in duplicate on or before May 15, 1995, and should be addressed to the Office of Hearings and Appeals, Department of Energy, 1000 Independence Ave., S.W., Washington, DC 20585. All comments should display a reference to the appropriate case number.

FOR FURTHER INFORMATION CONTACT:

Thomas O. Mann, Deputy Director, Roger Klurfeld, Assistant Director, Office of Hearings and Appeals, 1000 Independence Avenue SW., Washington, D.C. 20585, (202) 586-2094 (Mann); 586-2383 (Klurfeld).

SUPPLEMENTARY INFORMATION: In accordance with 10 CFR 205.282(b), notice is hereby given of the issuance of the Proposed Decision and Order set out below. The Proposed Decision and Order sets forth the procedures that the DOE has tentatively formulated to distribute \$866,352.24, plus accrued interest, obtained by the DOE pursuant to Consent Orders issued to eighteen resellers and retailers of refined petroleum products. The Consent Orders settled DOE allegations that, during periods between 1973 and 1981, the firms had sold certain refined petroleum products at prices in excess of the maximum lawful selling price, in violation of Federal petroleum price regulations. The names of the firms, their case numbers, the dates of the settlement periods, the products covered by each Consent Order, and the amounts received from each firm are set forth in the Appendix to the Proposed Decision.

Since it lacks sufficient information to implement a standard first-stage refund process, the OHA has tentatively determined to make all of the funds obtained from the firms available for indirect restitution in accordance with the provisions of the Petroleum Overcharge Distribution and Restitution Act of 1986 (PODRA), 15 U.S.C. 4501-07. The funds will be distributed to state governments for use in four energy conservation programs. Before making the funds available to the states, however, the OHA will accept refund claims from any injured customers of the consenting firms who come forward and will devise refund procedures based on the information these applicants provide.

Any member of the public may submit written comments regarding the proposed refund procedures. Commenting parties are requested to provide two copies of their submissions. Comments must be submitted within 30

All comments received in this proceeding will be available for public inspection between the hours of 1 p.m. and 5 p.m., Monday through Friday, except federal holidays, in the Public Reference Room of the Office of Hearings and Appeals, located in Room 1E-234, 1000 Independence Avenue, SW, Washington, DC 20585.

Proposed Decision and Order of the Department of Energy

Implementation of Special Refund Procedures

Names of Firms: Bell Fuels, Inc., *et al.*
Dates of Filing: July 20, 1993, November 16, 1993

Case Numbers: LEF-0061, *et al.*

Date: April 3, 1995.

On July 20 and November 16, 1993, the Economic Regulatory Administration (ERA) of the Department of Energy (DOE) filed Petitions for the Implementation of Special Refund Procedures with the Office of Hearings and Appeals (OHA), to distribute the funds received pursuant to Consent Orders entered into by the DOE and the eighteen petroleum resellers and retailers listed in the Appendix to this Decision and Order (hereinafter collectively referred to as the consenting firms). In accordance with the provisions of the procedural regulations at 10 C.F.R. Part 205, Subpart V (Subpart V), the ERA requests in its Petitions that the OHA establish special procedures to make refunds in order to remedy the effects of regulatory violations set forth in the Consent Orders.

I. Background

Each of the consenting firms was a reseller or retailer of refined petroleum products during the periods relevant to this proceeding. ERA audits of the consenting firms revealed possible violations of the Mandatory Petroleum Price Regulations. Subsequently, each of these firms entered into a separate Consent Order with the DOE in order to

settle its disputes with the DOE concerning certain sales of refined petroleum products. Pursuant to these Consent Orders, the firms agreed to pay to the DOE specified amounts in settlement of their potential liability with respect to sales to their customers during the settlement periods. The firms' payments are currently being held in separate interest-bearing accounts pending distribution by the DOE. The names of the firms, their addresses, the dates of the settlement periods and of the Consent Orders, the amount received from each firm, and the products covered by each Consent Order are set forth in the Appendix to this Proposed Decision.

II. Jurisdiction and Authority

The Subpart V regulations set forth general guidelines which may be used by the OHA in formulating and implementing a plan of distribution of funds received as a result of an enforcement proceeding. The DOE policy is to use the Subpart V process to distribute such funds. For a more detailed discussion of Subpart V and the authority of the OHA to fashion procedures to distribute refunds, see *Petroleum Overcharge Distribution and Restitution Act of 1986*, 15 U.S.C. §§ 4501 et seq., *Office of Enforcement*, 9 DOE ¶ 82,508 (1981), and *Office of Enforcement*, 8 DOE ¶ 82,597 (1981) (*Vickers*).

II. Proposed Refund Procedures

In cases where the ERA is unable to identify parties injured by the alleged overcharges or the specific amounts to which they may be entitled, we normally implement a two-stage refund procedure. In the first stage of such a proceeding, those who bought refined petroleum products from the consenting firms may apply for refunds, which are calculated on a pro-rata or volumetric basis. In order to calculate the volumetric refund amount, the OHA divides the amount of money available for direct restitution by the number of gallons sold by the firm during the period covered by the consent order. In the second stage, any funds remaining after all first-stage claims are decided are distributed in accordance with *PODRA*.

In the cases covered by this Proposed Decision, however, we lack much of the information that we normally use to provide direct restitution to injured customers of the consenting firms. In particular, we have been unable to obtain any information on the volumes of the relevant petroleum products sold by the consenting firms during the settlement period. Nor do we have any information concerning the customers of these firms. Based on the present state of the record in these cases, it would be difficult to implement a volumetric refund process. Nevertheless, we will accept any refund claims submitted by persons who purchased the products specified in the Appendix from the consenting firms during the periods shown in the Appendix. We will work with those claimants to develop additional information that would enable us to determine who should receive refunds and in what amounts.

If no claims are received, we propose to distribute all of the funds received from the consenting firms in accordance with the provisions of *PODRA*. See *Green Oil Company*, 20 DOE ¶ 85,450 (1990). *PODRA* requires that the Secretary of Energy determine annually the amount of oil overcharge funds that will not be required to refund monies to injured parties in Subpart V proceedings and make those funds available to state governments for use in four energy conservation programs.

Before taking this action, we intend to publicize our proposal and solicit comments from interested parties. We invite anyone who has information concerning the consenting firms sales during the settlement period to submit that information. Comments concerning the tentative distribution process set forth in this Proposed Decision and Order should be filed with the OHA within 30 days of its publication in the Federal Register.

It Is Therefore Ordered That:

The payments remitted to the Department of Energy by the firms listed in the Appendix to this Decision and Order pursuant to the Consent Orders whose dates are set forth in the Appendix will be distributed in accordance with the foregoing Decision.

BILLING CODE 6450-01-P

Office of Hearings and Appeals**Proposed Implementation of Special Refund Procedures****AGENCY:** Office of Hearings and Appeals, Department of Energy.**ACTION:** Notice of proposed implementation of special refund procedures.

SUMMARY: The Office of Hearings and Appeals (OHA) of the Department of Energy (DOE) announces the proposed procedures for disbursement of a total of \$7,280,202, plus accrued interest, in crude oil overcharges obtained by the DOE from MAPCO, Inc. and MAPCO International, Inc., Case No. VEF-0004 (MAPCO). The OHA has determined that the funds obtained from MAPCO, plus accrued interest, will be distributed in accordance with the DOE's Modified Statement of Restitutionary Policy in Crude Oil Cases, 51 Fed. Reg. 27899 (August 4, 1986).

DATES AND ADDRESSES: Comments must be filed on or before May 15, 1995, and should be addressed to the Office of

Hearings and Appeals, Department of Energy, 1000 Independence Ave., S.W., Washington, DC 20585. All comments should display a reference to Case No. VEF-0004.

FOR FURTHER INFORMATION CONTACT: Thomas O. Mann, Deputy Director, Roger Klurfeld, Assistant Director, Office of Hearings and Appeals, 1000 Independence Avenue, S.W., Washington, DC 20585, (202) 586-2094 (Mann); 586-2383 (Klurfeld).

SUPPLEMENTARY INFORMATION: In accordance with 10 C.F.R. 205.282(c), notice is hereby given of the issuance of the Proposed Decision and Order set out below. The Proposed Decision and Order sets forth the procedures that the DOE has tentatively formulated to distribute a total of \$7,280,202, plus accrued interest, remitted to the DOE by MAPCO, Inc. and MAPCO International, Inc. to the DOE. The DOE is currently holding these funds in an interest bearing account pending distribution.

The OHA proposes to distribute these funds in accordance with the DOE's Modified Statement of Restitutionary Policy in Crude Oil Cases, 51 FR 27899 (August 4, 1986) (the MSRP). Under the MSRP, crude oil overcharge monies are divided among the federal government,

the states, and injured purchasers of refined petroleum products. Refunds to the states will be distributed in proportion to each state's consumption of petroleum products during the price control period. Refunds to eligible purchasers will be based on the volume of petroleum products that they purchased and the extent to which they can demonstrate injury.

The tentative deadline for filing Applications for Refund is June 3, 1996. As we state in the Proposed Decision, any party who has previously submitted a refund application in the crude oil proceedings should not file another Application for Refund. The previously filed crude oil application will be deemed filed in all crude oil proceedings as the proceedings are finalized.

Dated: April 4, 1995.

Director, Office of Hearings and Appeals.
